

## SCHOOL DISTRICT OF MANAWA

345.1

### GRADING

The District will evaluate student achievement in all classes in order to:

1. promote a process of continuous evaluation of student performance;
2. inform students and parents/guardians of the students' progress; and
3. provide a basis for bringing about change in student performance if such change is deemed necessary.

Building principals shall develop recommendations for grading systems to be used in their assigned schools and may involve appropriate building staff. Such recommendations shall be presented to the District Administrator before being submitted to the Board for final approval.

The District shall not discriminate in the methods, practices and materials used for evaluating students on the basis of sex, race, religion, color, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation or physical, mental, emotional or learning disability or handicap. This does not, however, prohibit the use of special testing materials or techniques to meet the individualized needs of students. Discrimination complaints shall be processed in accordance with established procedures.
